.

Dear Student of Architecture, 2016 batch,

Congratulations and Tashi Delek for selecting to study Architecture at the College of Science and Technology.

We look forward to welcome and meet you personally when you come to the College of Science and Technology in July 2016.

In the meantime we would like to share you the list of things you need to buy and bring when you come to the College.

We would also like to request you to orient yourself to sketching and colouring techniques by interacting and learning from painters, sculptors, artists, friends and by visiting/ joining organizations like the Voluntary Artist's Studio (VAST) during your free time.

These skills are expected to help you in your foundation subjects for the Architecture course.

Thank you,

Bachelor of Architecture Programme
Department of Civil Engineering and Architecture.
College of Science and Technology.
